

AVA SPEC SHEET

PRODUCT OVERVIEW

AVA is the pinnacle of frameless glass and waterproofing technology. Designed to offer a seamless, open feel, the 10mm safety glass panels create a real sense of space, while still maintaining the quality and security of a glass shower.

AVA showers sit on a solid resin tile over base combined with industry tested waterproofing systems. Integrated wall channels and recessed floor channels offer a secure and watertight system for timber floors and even upstairs - allowing the AVA shower system to be installed where other tile over bases cannot.

Hinged, Walk In and Crest's unique concealed rollers Sliding Door options are available, with a large range of standard sizes and unlimited custom sizes available on request. AVA is the perfect solution for any bathroom, and creates a beautiful addition to the space.

IS THIS SHOWER FOR ME?

When considering an AVA shower, consider what is most important to you. AVA showers are a high quality product that are designed to offer peace of mind for long term integrity, yet still retaining a high end look. The AVA 10mm frameless glass doesn't interrupt the flow of a bathroom's design, and becomes a natural addition to the look and feel of the space. AVA is customisable with door style, size, upgrades and hob or level entry so is the perfect solution to meet your specific needs. Little maintenance is needed to uphold an AVA shower's quality finish, and with a 25 year leakproof warranty, you can trust that the structural integrity of the product is maintained throughout its lifetime. AVA is the perfect addition to create a light, bright and effortless bathroom layout, and can equally become a statement piece or an accentuation of your design.
