

ZENITH SPEC SHEET

PRODUCT OVERVIEW

One of the leading framed showers in the market, Zenith showers and door sets are Crest's solution to an affordable, economy range of showers, that offer the strength and quality of glass. The fibreglass reinforced acrylic base and toughened safety glass ensure reliability and longevity, while still remaining durable for the kiwi home.

With Sliding and Pivot Doors, Corner, Alcove and Walk In Door options readily available, Zenith showers are flexible enough for most bathroom spaces while taking the stress and hassle out of a sometimes tricky bathroom renovation.

Zenith door sets offer the flexibility to use tiled walls and bases, while the shower sets ensure a full shower solution, easy and ready to install.

IS THIS SHOWER FOR ME?

Zenith showers are the perfect solution if you like the strong lines and aesthetic of framed glass and are on a budget for your bathroom renovation. Zenith screens and complete showers are Crest's solution to offering a top of the line, quality product while still remaining affordable. Zenith has a select range of standard sizes and styles, suited to most bathroom types. Being ready to install from the box, Zenith is designed to be hassle free from the outset. If you worry about the difficulties of renovation or need a simple solution then Zenith is the shower for you. Zenith is adaptable to your space so whether you like the clean, white, durability of acrylic walls and base, or the customisable detailing of tiles, you are able to buy a shower to suit your needs, and still come within budget.
